# One-Year Vision

*Print this sheet out and take a pen to paper! Give your screen a rest.*

Take a few moments to imagine a vision of your life **one year from now**. Imagine it from a place of possibility, and create a picture of your life exactly how you would want it. The more detail the better. Where are you working? Where are you living? How is your health/wellbeing? Describe your family life, your lifestyle, and your personal development. Anything that is important to you and how you live. Write as if it is in present tense, using "I am" statements, avoiding "I will."
